Find out how **TOAD** works and what it can do for you!

If you use Oracle, and you do any of the tasks below, you won't want to miss this lecture.

* Query
* View Objects
* Debug
* Format
* Tune
* Reverse Engineer
* Load Test
* Access Oracle Repositories and More

This session will not only show you some tips and tricks and advanced features of **TOAD**, but will also show you the functionality of various add-on modules - functionalities that could greatly enhance your productivity.
